

HAPPEN by Rafa García, 2010

EXPLICACION DEL MODELO

Con Happen todo puede suceder.

Happen nace con el propósito de ser normal, si bien ha sido concebido para ir más allá de modas pasajeras. Formas atemporales para trascender.

Happen cuenta con piezas diferentes que satisfacen nuevas necesidades, entre las que destacan las diferentes posibilidades que ofrece para los brazos: ancho, estrecho, bajo y un módulo-mesa que nace con el fin de aunar zonas de asiento con zonas de apoyo para distintos objetos. Existe también un gran número de piezas para crear ángulos, un módulo con doble fondo y un terminal asimétrico de medidas muy contenidas. Los pufs funcionan sueltos e intercalados entre los módulos, además de formando rincón. A las piezas con mesa tapizada podemos incorporar una lámina de cristal fumé.

Para satisfacer el mayor número de preferencias posible, **Happen** nos permite elegir la altura del respaldo. Las opciones son 84 y 74 cm. En el catálogo sillones, sofás y módulos están identificados como respaldo alto y respaldo bajo. En composiciones modulares podremos combinar almohadas de ambas alturas.

Pese a sus elevadas dosis de customización, la esencia de su diseño siempre permanece. **Happen** es reconocible por su simplicidad formal, por su pureza y sencillez.

Detrás de su fina base se oculta una sólida estructura. Gracias a unas discretas patas de madera tintada esta fina base parece flotar.

Los almohadones de asiento son generosos y destacan por su amplia y confortable sentada, la cual ha sido confeccionada de forma especial con una capa superior de viscoelástica de 6 cm que maximiza su comodidad y durabilidad.

Cada pieza incluye su correspondiente almohada riñonera. Para facilitar los pedidos con almohadas riñoneras en tejido diferente a la base, en la tarifa se puede consultar el precio de las almohadas de respaldo en cada una de las series de tela y piel. Para pedidos con almohadas en series distintas a la base usar la siguiente fórmula:

Precio composición = (precio módulos – precio almohadas en misma serie) + precio almohadas en distinta serie.

Happen es desenfundable en su totalidad cuando está tapizado en tela y sólo las almohadas cuando lo está en piel o piel sintética.

DESCRIPTION

With the Happen anything can happen.

Happen originates with the aim of being normal, thus, it has been conceived to go beyond transient fads; its timeless shapes transcend this.

The design boasts different arms; wide, narrow, low and an innovative table-module can be joined to a seating area. Even the angles push the boundaries of what is possible along with an asymmetric terminal module. The poufs can be used as loose items or with the modules – or they can even be used as corner elements. Two back heights are available: 84 and 74 cm (identified as high back and low back in the price list.) Compositions using differing height cushions can be made by using the modules.

Despite permitting such a high degree of customization, the essence of its design remains. The Happen is instantly recognizable by its effortless formality, purity and simplicity.

The wide seat cushions are exceptionally comfortable with a generous 6cm topping of memory foam.

Each piece includes a lumbar cushion. To order lumbar cushions in different fabrics, please consult the back cushions section for the cost. The total price for compositions with cushions in a different price series to the base will be calculated as follows:

Price of the composition = (module price – price of cushions in same series) + price of cushions in different series.

Fully removable covers when upholstered in fabric, but only the cushion covers can be removed when the piece is upholstered in natural or synthetic leather.

CARACTERISTIQUES

Avec Happen tout peut arriver.

Happen surgit dans le but de paraître normal, il a été conçu pour aller au-delà des tendances passagères. Formes intemporelles et transcendantes.

Happen est composé de différentes pièces qui répondent à de nouvelles nécessités. 4 types de bras : larges, étroits, bas et un module-table qui a pour but de rapprocher les zones d'assise aux zones servant à poser certains objets. Il existe aussi un grand nombre de pièces afin de créer des angles, un module à double fonds et un terminal asymétrique aux dimensions raisonnables. Les poufs s'utilisent seuls ou intercalés entre les modules, en plus de servir d'angles.

Pour satisfaire le plus grand nombre, **Happen** permet de choisir la hauteur de dossier: 74 et 84 cm. Dans le catalogue les fauteuils, canapés et modules sont répertoriés comme dossier haut et dossier bas. Au sein d'une même composition on pourra utiliser en même temps les 2 types de dossier.

Happen est reconnaissable par sa simplicité formelle, pour sa pureté et pour sa très haute customisation.

Derrière sa base fine se trouve une solide structure. Grâce à des pieds bois teintés très discrets, la base paraît flotter dans l'air.

Les coussins d'assise sont généreux et se distinguent par leurs grandes et confortables assises, lesquelles sont fabriquées de manière spéciale avec une couche supérieure de mousse viscoélastique de 6cm qui augmente le confort et la durée de vie.

Chaque pièce est livrée avec son coussin cale-reins. Pour faciliter les commandes avec des coussins cale-reins dans un tissu différent du reste, on pourra trouver au tarif les coussins cale-reins dans toute les séries de tissu et de cuir. Pour les commandes avec des coussins réalisés dans des séries différentes de celles de la base, utiliser cette formule:

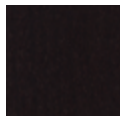

Prix total: (prix des modules – prix des coussins dans la même série) + prix de coussins dans une autre série.

Happen est 100% déhoussable dans sa version tissu, et seuls les coussins sont déhoussables dans les versions cuir et cuir synthétique.

HAPPEN by Rafa García, 2010**IMPORTANTE**

Los brazos anchos y bajos son fácilmente desmontables para facilitar el acceso a las viviendas. Por el contrario el brazo estrecho no lo es.

En tela, para las referencias con más de una almohada de asiento, las bases son desmontables en destino, excepto: el módulo de 160, el ángulo de 166 y el sofá de 172.

En piel o piel sintética ninguna referencia es desmontable.

Happen incorpora instrucciones de montaje y desmontaje.

La unión de módulos se realiza mediante carracas.

Las solicitudes de composiciones modulares deben adjuntar un plano en planta al realizar el pedido. La mano (derecha/izquierda) se interpreta siempre viendo el dibujo de frente.

Consulte www.sancal.com/care para obtener información sobre cuidado y mantenimiento.

CARACTERISTICAS TECNICAS**TELA**

- Estructura y almohadas totalmente desfundables.
- Estructura de madera recubierta de espuma CMHR 30kg y fibra 100gr con velour.
- Bastidor de asiento preparado con cincha NEA de 80mm.
- Bastidor de respaldo preparado con cincha NEA de 60mm horizontal y confeccionado con espuma de CMHR 60kg y CMHR 30kg.
- Brazos: estructura de madera confeccionada con espuma de CMHR 60kg y CMHR 30kg.
- Almohada de asiento: espuma de densidad diferenciada con una capa superior de viscoelástica de 6cm. El almohadón va recubierto de fibra poliéster H150 termofusionada y funda interior de algodón.
- Almohada de respaldo: espuma de densidad CM 25kg y CMHR 30kg recubierta de fibra H150 poliéster.
- Almohada riñonera: funda de algodón rellena de FiberDream (microfibra tacto plumón).
- Patas en madera de haya tintada de color wengué plus.
- Tapa de cristal templado acabado fumé gris.

PIEL

- Estructura fija y almohadas desfundables.
- El resto de características son idénticas a las de la versión tapizada en tela.

DESCARGAS

Más información, ficheros 3D, 2D, BIM, certificados de resistencia, calidad y medio ambientales disponibles en:

www.sancal.com/es/sofa-happen

IMPORTANT

To aid delivery, the wide and low arms can be removed, however, the thin arm is fixed. The 160 module, 166 angle and the 172 sofa can be split in two if upholstered in fabric.

The product includes disassembly and reassembly instructions.

Modules are ratcheted together.

Natural and synthetic leather products cannot be dismantled.

Orders for modular combinations must include a plan when placing the order. Left and right are taken to be as facing the piece.

Consult www.sancal.com/care for essential care and maintenance information.

TECHNICAL SPECIFICATIONS**FABRIC**

- Fully removable base and cushion covers.
- Wooden structure covered with CMHR 30kg foam and 100g fibre shell.
- Seat area fitted with 80mm NEA elastic webbing.
- Back area fitted with 60mm NEA elastic webbing and CMHR 30kg and CMHR 60kg foam.
- Arms: wooden structure covered with CMHR 30kg and CMHR 60kg foam.
- Table module: wooden structure covered with CMHR 30kg and CMHR 60kg foam.
- Seat cushion: multilayered foam with memory foam top layer. Cushion covered with a H150 thermofused shell covered in an unwoven fabric.
- Back cushion: CM 25kg and CMHR 30kg foam covered with H150 polyester fibre.
- Lumbar cushion: cotton cover filled with FiberDream (a down-touch microfibre).
- Solid beech feet in wenge plus.
- Tempered glass top grey smoked finish.

LEATHER

- Fixed base, and removable cushions.
- The remaining technical specifications are the same as those for the fabric version of the product.

IMPORTANT

Les bras larges et les bras bas sont facilement démontables afin de faciliter les livraisons. Par contre les bras étroits ne sont pas démontables.

En Tissu, les structures de tous les éléments avec plus d'un coussin d'assise, sont démontables à destination, à l'exception de ces produits : module de 160, angle de 166 et canapé de 172.

En cuir ou cuir synthétique les éléments ne sont pas démontables.

Instructions de montage et de démontage fournies.

L'union des modules est faite au moyen de pièces d'union.

Un plan est nécessaire pour toute composition modulable, vue de face.

Visitez www.sancal.com/care pour plus d'informations sur la sécurité et l'entretien.

CARACTERISTIQUES TECHNIQUES**TISSU**

- Structure et coussins 100% déhoussables.
- Structure en bois recouverte de mousse CMHR 30kg et fibre 100gr avec velours.
- Châssis d'assise préparé avec des sangles NEA de 80mm.
- Châssis de dossier préparé avec des sangles NEA de 60mm horizontales et confectionné en mousse de CMHR 60kg et mousse CMHR 30kg.
- Bras: structure en bois et mousse de CMHR 60kg et mousse CMHR 30kg.
- Module-table: structure en bois et mousse de CMHR 60kg et mousse CMHR 30kg.
- Coussin d'assise: mousse de différentes densités avec une couche supérieure de mousse viscoélastique. Cette couche est recouverte de fibre polyester H150 thermo-fusionnée et housse intérieure coton.
- Coussin de dos: mousse de densité CM 25kg et CMHR 30kg recouverte de fibre H150 polyester.
- Coussin cale-reins: housse coton garnie de fibre FiberDream (microfibre toucher plume).
- Pieds en hêtre teintés couleur wenge plus.
- Plateau verre sécurit finition gris fumé.

CUIR

- Structure fixe et coussins déhoussables.
- Le reste des caractéristiques sont identiques à celles des modèles en tissu.
